INDEPENDENT AUDITORS' REPORT ON REVIEW OF CONDENSED CONSOLIDATED INTERIM FINANCIAL INFORMATION

To
The Board of Directors
Bank Alkhair B.S.C. (c)
Seef
Kingdom of Bahrain

13 August 2015

Introduction

We have reviewed the accompanying 30 June 2015 condensed consolidated interim financial information of Bank Alkhair B.S.C. (c) (the "Bank") and its subsidiaries (the "Group"), which comprises:

- the condensed consolidated statement of financial position as at 30 June 2015;
- the condensed consolidated income statement for the three-month and six-month periods ended 30 June 2015;
- the condensed consolidated statement of changes in equity for the six-month period ended 30 June 2015;
- the condensed consolidated statement of cash flows for the six-month period ended 30 June 2015; and
- notes to the condensed consolidated interim financial information.

The Board of Directors of the Bank is responsible for the preparation and presentation of this condensed consolidated interim financial information in accordance with Financial Accounting Standards issued by the Accounting and Auditing Organisation for Islamic Financial Institutions. Our responsibility is to express a conclusion on this condensed consolidated interim financial information based on our review.

Scope of review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Auditing Standards for Islamic Financial Institutions and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying 30 June 2015 condensed consolidated interim financial information is not prepared, in all material respects, in accordance with the Financial Accounting Standards issued by the Accounting and Auditing Organisation for Islamic Financial Institutions.

Emphasis of matter

Without qualifying our conclusion, we draw attention to note 2 to the condensed consolidated interim financial information which discusses certain matters relating to the Group's liquidity position and regulatory capital adequacy requirements, implications of these matters for the basis of preparation of this condensed consolidated interim financial information and management's action plans to deal with these matters.

**NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL INFORMATION
for the six months ended 30 June 2015**

US\$ 000's

1. REPORTING ENTITY

Bank Alkhair B.S.C. (c) ("the Bank") was incorporated in the Kingdom of Bahrain and registered with the Ministry of Industry and Commerce under Commercial Registration No. 53462 on 29 April 2004 and operates under a wholesale Islamic banking license granted by the Central Bank of Bahrain (CBB). The Bank's registered office is at the 4th floor of Building No. 2304, Road No. 2830, Seef District 428, Manama, Kingdom of Bahrain.

The Bank and its subsidiaries (together referred to as "the Group") aim to provide a full range of investment banking products and services that are compliant with Shari'ah principles. The principal products and services offered by the Group are:

- financial advisory services;
- private equity, equity structuring, private placements and initial public offerings;
- facility structuring, restructuring and placement including project finance, securitisation and Sukuk;
- structuring and marketing of both open and closed end mutual funds as well as client portfolio management and brokerage services that aim to meet investor driven return and asset criteria;
- advisory and investment services for takaful (Islamic insurance) and retakaful (Islamic reinsurance) providers; and
- mergers and acquisitions, including deal sourcing, structuring, valuations and advisory.

In 2014, the Group increased the share capital by US\$ 100 thousands due to reconciliation of accounting and statutory records by adjusting the subscription received earlier from a shareholder that was included under "other liabilities".

2. BASIS OF PREPARATION

The condensed consolidated interim financial information has been prepared in accordance with Financial Accounting Standards ('FAS') issued by the Accounting and Auditing Organisation for Islamic Financial Institutions (AAOIFI). In line with the requirement of AAOIFI and the CBB Rule Book, for matters that are not covered by FAS, the Group uses guidance from the relevant International Financial Reporting Standards. Accordingly, the condensed consolidated interim financial information has been presented in condensed form in accordance with the guidance provided by International Accounting Standard 34 – '*Interim Financial Reporting*'. The condensed consolidated interim financial information does not include all of the information required for full annual consolidated financial statements and should be read in conjunction with the audited consolidated financial statements of the Group for the year ended 31 December 2014. However, selected explanatory notes are included to explain events and transactions that are significant to an understanding of the changes in the Group's financial position and performance since the last annual consolidated financial statements as at and for the year ended 31 December 2014.

Going concern

As at 30 June 2015, the current contractual liabilities of the Group exceeded its liquid assets. As a result, the ability of the Group to meet its obligations when due depends on its ability to roll over short term liabilities and timely disposal of assets. Further, the capital adequacy ratio as at 30 June 2015 was below the minimum regulatory capital requirements. These factors indicate the existence of material uncertainties which may cast doubt about the Group's ability to continue as a going concern.

The management has made an assessment of the Group's ability to continue as a going concern and is satisfied that the Group has the resources to continue in business for foreseeable future based on its ability to roll over short term liabilities, current discussions with certain creditors, assets sale plan and support from major shareholders that would generate the required liquidity to meet its obligation when due. These actions are also expected to improve the Bank's capital adequacy ratio. The Board of Directors have reviewed the Bank's future plans and are satisfied with the appropriateness of the going concern assumption for preparation of the condensed consolidated interim financial information.

**NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL INFORMATION
for the six months ended 30 June 2015**

US\$ 000's

2. BASIS OF PREPARATION (Continued)*Accounting policies*

The accounting policies and methods of computation applied by the Group in the preparation of the condensed consolidated interim financial information are the same as those used in the preparation of the audited consolidated financial statements for the year ended 31 December 2014 except for changes arising from new standards and amendments issued and effective from 1 January 2015 as given below:

Amendments to Financial Accounting Standard (FAS) No. 23 – Consolidation

During the period the Accounting and Auditing Organization for Islamic Financial Institutions (AAOIFI) issued amendments to FAS 23 which are effective from 1 January 2015. These amendments provide clarification and expands the scenarios for assessing control when an entity holds less than majority voting rights in an investee. In particular, the concept of de-facto control has been introduced. The amendment clarifies that where the IFI has less than majority voting rights in an investee, control may also exist through:

- a) agreement with the entity's other shareholders or the entity itself;
- b) rights arising from other contractual arrangements;
- c) the IFI's voting rights (de facto power);
- d) potential voting rights; or
- e) a combination thereof.

Further, FAS 23 does not provide specific guidance for assessment of control over special purpose vehicles (SPVs) and the Bank was previously referring to the relevant guidance within International Financial Reporting Standards (IFRSs). As a result of revisions to IFRS 10 (consolidation), the Group has now also changed its accounting policy for determining whether it has control over SPVs. The new control model focuses on whether the Group has power over an SPV, exposure or rights to variable returns from its involvement with the investee and the ability to use its power to affect those returns. In particular, expanded guidance has been provided to assess whether the Group's decision making rights over an investee would be considered as those of a principal (primarily for its own benefit) and when it would be considered to be that of an agent (primarily for benefit of its investors).

In accordance with the transitional provisions of the amendments to FAS 23, the Group reassessed its control conclusions as of 1 January 2015. The Group has reassessed its investments considering the new control definition criteria and based on the assessment, management had concluded that the Group do not have power over relevant activities of the investee and do not have significant variability from its involvement with the investee.

There were no changes to the entities that were controlled and consolidated by the Group as of 31 December 2014. Accordingly, adoption of the new amendments did not have a significant impact on the condensed consolidated interim financial information or the amounts reported in the comparative periods.

Judgements and estimates

The preparation of condensed consolidated interim financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates. In preparing these condensed consolidated interim financial information, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainties were the same as those applied to the audited consolidated financial statements for the year ended 31 December 2014.

**NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL INFORMATION
for the six months ended 30 June 2015**

US\$ 000's

2. BASIS OF PREPARATION (Continued)
Financial Risk Management

The Group's financial risk management objectives and policies are consistent with that disclosed in the audited consolidated financial statements for the year ended 31 December 2014.

3. The condensed consolidated interim financial information is reviewed, not audited. The comparatives for the condensed consolidated statement of financial position has been extracted from the audited consolidated financial statements for the year ended 31 December 2014 and comparatives for the condensed consolidated statements of income, changes in equity, cash flows and changes in restricted investment accounts have been extracted from the condensed consolidated interim financial information for the six months ended 30 June 2014 effected for the restatement given below.

Restatement

In 2014, the Group had classified its investment in a subsidiary, Al Tajamoaut for Touristic Projects Plc, and investment in an equity-accounted investee, Burj Bank Limited, as assets held-for-sale. As at 31 December 2014, since the investments no longer meet the criteria to be classified as held-for-sale, these were re-classified as held-for-use.

In accordance with IFRS 5-*Non-current assets held-for-sale and discontinued operations*, upon reclassification as held-for-use, the subsidiary was consolidated on a line by line basis including earlier periods resulting in restatement of the prior year as if the subsidiary had always been consolidated. The reclassification to held-for-use resulted in reduction in profits previously reported for the six months ended 30 June 2014 by US\$ 1,306 thousands.

With regard to investment in equity-accounted investee, Burj Bank Limited, the equity method was applied retrospectively from the date of its classification as held-for-sale. The reclassification of the investment in Burj Bank Limited as held-for-use resulted in recognition in the condensed consolidated income statement of the Group's share of loss of US\$ 1,078 thousands for the six months ended 30 June 2014 and share of profit of US\$ 5,787 thousands for previous periods being recognised in accumulated losses as at 1 January 2014.

4. Seasonality

Due to nature of the Bank's business, the six months' results reported in this condensed consolidated interim financial information may not represent a proportionate share of the overall annual results.

5. Appropriations of net profit, if any, are made only after the year end and approval by the shareholders in the annual general meeting.

6. FINANCING RECEIVABLES

	30 June 2015 (reviewed)	31 December 2014 (audited)
Gross murabaha receivables	75,845	15,579
Less: Deferred profits	(618)	(154)
Net murabaha receivables	75,227	15,425
Less: Specific impairment allowances	(6,174)	(5,974)
Less: Collective impairment allowances	(432)	(300)
	68,621	9,151

NOTES TO THE CONDENSED CONSOLIDATED INTERIM FINANCIAL INFORMATION
for the six months ended 30 June 2015

US\$ 000's

7. INVESTMENT SECURITIES

	30 June 2015 (reviewed)	31 December 2014 (audited)
Equity type instruments		
<i>At fair value through income statement:</i>		
- Quoted equity securities	7,513	1,028
- Unquoted equity securities	26,647	30,255
- Quoted funds	1,651	9,032
- Unquoted funds	24,814	24,816
Total equity type instruments	60,625	65,131
Debt type instruments		
<i>At amortised cost :</i>		
- Sukuk	14,825	20,192
	75,450	85,323

8. ASSETS AND LIABILITIES HELD-FOR-SALE

	30 June 2015 (reviewed)	31 December 2014 (audited)
Subsidiaries held-for-sale		
- Assets	15,545	15,082
- Liabilities	(1,798)	(1,374)
Net assets	13,747	13,708

Assets and liabilities held-for-sale represents Tintoria International Limited (TI), a subsidiary in which the Group holds 52.06% stake. The Group acquired control over TI in May 2014 and had recognised identifiable assets and liabilities based on management's estimated fair value less cost to sell the investment.

The Group has an active plan to sell its stake in TI, and accordingly, the asset and liabilities acquired are classified as held-for-sale and presented in consolidated statement of financial position. Equity stake held by external parties are classified as "non-controlling interests related to assets held-for-sale" in the consolidated statement of financial position.

The net result of operations of the subsidiary during the period was loss of US\$ 113 thousand (30 June 2014: loss US\$ 319 thousand) which is presented separately as "loss from assets held-for-sale and discontinued operations" in condensed consolidated income statement.

15. *COMMITMENTS AND CONTINGENCIES (continued)*

Litigations and claims

The Bank has filed a number of legal cases against the former Chief Executive Officer before the Civil and Criminal Courts of the Kingdom of Bahrain and the UK. Further, the former CEO has also filed a court case in the Bahraini courts for wrongful dismissal. The Bahraini Courts have ruled in favour of the Bank in a number of the civil and criminal cases. The case in the UK was filed by the Bank to remedy the damages resulting from defamation and unlawful conspiracy. The case is currently in progress and the ultimate outcome of the matter cannot presently be determined and, accordingly, no provision for any effects on the Group that may result has been made in the condensed consolidated interim financial information. During the period, the Group paid GBP 5.5 million (equivalent US\$ 8.6 million) to the court which as a refundable security pending the outcome of the case which is included under "prepayment and advances".

A number of employment claims have been filed against the Bank by former employees. The Bank's external legal counsel has confirmed that the Bank has strong grounds to successfully defend itself against these claims. No disclosure regarding contingent liabilities arising from the employment claims has been made as the directors of the Bank believe that such disclosures may be prejudicial to the Bank's legal position.

The Group's share of commitments arising from its equity-accounted investees is given in note 9.

16. **RELATED PARTY TRANSACTIONS**

Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions. Related parties include significant shareholders and entities over which the Bank and shareholders exercise significant influence, directors, members of Shari'ah Supervisory Board and executive management of the Bank.

Compensation of key management personnel

Key management personnel of the Group comprise of the Board of Directors and key members of management having authority and responsibility for planning, directing and controlling the activities of the Group. The key management personnel compensation during the period is as follows:

	30 June 2015 (reviewed)	30 June 2014 (reviewed)

18. FINANCIAL INSTRUMENTS**Fair values**

The Group's financial instruments are accounted for under the historical cost method with the exception of investment securities. By contrast, the fair value represents the price that would be received to sell an asset, or paid to transfer a liability, in an orderly transaction between market participants at the measurement date. Differences therefore can arise between book values under the historical cost method and fair value estimates. Underlying the definition of fair value is the presumption that the Group is a going concern without any intention or requirement to curtail materially the scale of its operation or to undertake a transaction on adverse terms. Generally accepted methods of determining fair value include reference to quoted prices and the use of valuation techniques such as discounted cash flow analysis.

Set out below is a comparison of the carrying amounts and fair values of financial instruments:

30 June 2015 (reviewed)

	Carrying amount	Fair value
Financial assets:		
Balances with banks	32,646	32,646
Placements with financial institutions	9,322	9,322
Financing receivables	68,621	68,621
Investment securities	75,450	75,533
Other assets	15,018	15,018
	201,057	201,140
Financial liabilities:		
Due to financial institutions	100,307	100,307
Due to customers	246,341	246,341
Other financial liabilities	30,400	30,400
	377,048	377,048

31 December 2014 (audited)

	Carrying amount	Fair value
Financial assets:		
Balances with banks	22,493	22,493
Placements with financial institutions	42,250	42,250
Financing receivables	9,151	9,151
Investment securities	85,323	85,305
Other financial assets	7,940	7,940
	167,157	167,139
Financial liabilities:		
Due to financial institutions	106,987	106,987
Due to customers	197,552	197,552
Other financial liabilities	22,310	22,310
	326,849	326,849

18. FINANCIAL INSTRUMENTS (continued)**Valuation techniques**

Fair value is the amount for which an asset could be exchanged, or a liability settled, between knowledgeable, willing parties in an arm's length transaction on the measurement date.

Investment securities

The Group measures the fair value of quoted investments using the market bid-prices in an active market for that instrument. A market is regarded as active if quoted prices are readily and regularly available and represent actual and regularly occurring market transactions on an arm's length basis.

If a market for a financial instrument is not active or the instrument is not quoted, the Group establishes fair value using a valuation technique. Valuation techniques include using recent arm's length transactions between knowledgeable, willing parties (if available), discounted cash flow analyses and other valuation models with accepted economic methodologies for pricing financial instruments.

*Sensitivity analysis**Unquoted securities and funds - Investment securities carried at fair value through income statement:*

The effect on profit as a result of a change in the fair value of equity instruments due to a reasonable possible change (i.e. +/-15%) in the value of individual investments, with all other variables held constant, is US\$ 7.7 million. The effect of decrease in the value of individual investments is expected to be equal and opposite to the effect of an increase.

Financing receivables

The fair values of financing receivables are principally estimated their carrying amount less impairment provisions as these are for short term (i.e. less than 12 months). Hence, the present value of expected future cash flows is not expected to be different from their carrying values.

Other financial instruments

Placements with financial institutions, due to financial institutions and due to customers are for short term tenure hence their carrying value is not different from the fair value. Fair value of other financial assets and liabilities are not significantly different from their carrying values due to their short term nature.

Fair value hierarchy

The table below analyses the financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

- Level 1: quoted prices (unadjusted) in active markets for identical assets and liabilities.
- Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).
- Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).
